

JAKE'S RIDE APPEAL LETTER – KIDS

Dear Friends & Family,

This Spring I am riding my bike to raise money for *Jake's Ride for dystonia and Parkinson's disease*, which will take place on **Sunday, May 1, 2016 in Short Hills, New Jersey.**

Jake's Ride began in 2008. Jake Silverman had been diagnosed with dystonia. Dystonia's painful muscle spasms had forced Jake out of school and into a wheelchair. Jake had brain surgery which helped him a lot and he is now in college but his dystonia is not cured.

The Jake's Ride committee and The Michael J. Fox Foundation work hard to tell people about dystonia and Parkinson's disease. They raise money for research and to help patients. One day they hope to cure these disorders.

Thousands of people have gone to Jake's Ride since it began. The day has bike and walking tours, food, entertainment and other fun activities for everyone.

I would really appreciate if you help me help Jake and all the other people with dystonia and Parkinson's disease.

For more information, or to make a donation, please visit www.JakesRide.org.

Thank you,
