

PARTNER WITH US

Sponsor Jake's Ride and partner your organization with us as we increase awareness of dystonia and Parkinson's disease, and raise funds for medical research and patient treatment. Our ultimate goal is to find cures for these movement disorders.

Jake's Ride is a grass roots event bringing local communities together, creating a sense of higher morale. A feeling of purpose among volunteers teaches the rewards of giving back. Local community members and business come together in a feel-good social setting.

“Recent Harvard Business School research determined that companies with more practices supporting social causes significantly outperform their counterparts over the long term, both in terms of stock market and accounting performance.”

The Michael J. Fox Foundation takes its responsibility to donors seriously. Since inception, 89 cents of every dollar spent goes directly towards research grants and initiatives.

Make Jake's Ride and the Michael J. Fox Foundation your corporate social responsibility partner.

- Donate much needed dollars for research and fellowships
- Build your team through volunteering at the event
- Connect your organization with our worthy cause
- Improve the lives of movement disorder sufferers
